NAJIB FAHRUNA AKBAR

Front-End Developer

+62 89x xxxx xxxx | najibfahrunaakbar@gmail.com | www.linkedin.com/in/rabkabizan/ | rabkabizan.vercel.app

Proactive Front-End Developer with 2 years of experience developing responsive and user-friendly web applications using React.js and Tailwind CSS. Holds a vocational high school background with 3 years of study in Software and Game Development. Experienced in UI design using Figma and Canva, and actively seeking a Front-End Developer role.

Work Experience

StarCore Analytics – Bogor   Jun 2024 - Dec 2025
Software Engineer

- Developed and delivered more than 10 web-based projects, including retail systems, warehouse management, chatbot applications, worksheet platforms, and government-related solutions.
- Responsible for building responsive and user-friendly interfaces using modern frameworks and tools, collaborating with designers and back-end developers to ensure functionality aligned with project requirements.
- Focused on clean UI implementation, consuming and integrating RESTful APIs, performance optimization, and maintainable code to support operational needs.

StarCore Analytics – Bogor   Jun 2023 - Dec 2023
Front-End Developer Intern

- Contributed and assisted employees to developing and improving front-end features, designed UI components and implement responsive user-friendly interfaces for large-scale web application projects.
- Involved in consuming and integrating RESTful APIs, optimizing performance, and maintaining clean, maintainable code to support operational needs.

Seputar Otaku – Jakarta   Oct 2021 - Apr 2022
Social Media Specialist

- Assisted for a large-scale social media platform. Supported the content creation workflow by researching news, preparing post materials, and designing simple, reusable visual templates for publication.
- Supported the team by applying basic UI and layout principles to ensure clear visual hierarchy and readability across published content

Educational Level

Wikrama Vocational Highschool – Bogor   2021 - 2024
Software and Game Development
